- Advantages and limitations of career planning and development
- Trade Union: definitions, functions, rights and responsibilities
- Industrial Unrest: meaning, types, causes, effects, remedial measures
- Industrial peace and industrial harmony

SEMESTER 4

Business Administration – Paper – 4

After the completion of the course, the students will be able to understand the following topics:

- Market: meaning, concept, types
- Marketing: meaning, concept, types
- Marketing Mix: meaning and its elements
- Marketing Environment: meaning and factors of micro and macro environment
- Product: concept, life cycle, development, and brand
- Pricing: objectives and methods, different pricing policies
- Promotion: meaning, importance, and elements
- Market segmentation: meaning and basis, advantages
- Marketing Research: meaning, objectives, importance, scope, and process
- Case Study

SEMESTER 5

Business Administration – Paper - 5

After the completion of the course, the students will be able to understand the following topics:

- Financial Management: meaning and functions
- Financial Planning: meaning, importance, affecting factors, types
- Capitalization: concept, meaning, causes, effects, remedies
- Capital Structure: meaning, characteristics, types, concept, affecting factors
- Social Responsibilities of Business: meaning, arguments for and against it
- 21st Century's Office Management: definition, meaning, objectives
- Management of Records and Filing: meaning, definition, importance

SEMESTER 6

Business Administration – Paper – 6

After the completion of the course, the students will be able to understand the following topics:

- Materials Management: concept, importance, scope, and policies

- Production Management: meaning, scope
- Plant location; Production Planning and Control
- Tourism Management: introduction, meaning, concept, definition, characteristics
- Tourism Management: origin and development
- Tourism policies of Gujarat and India

4. BUSINESS ECONOMICS (CORE COMPULSORY COURSE)

SEMESTER 1

Business Economics – I

After the completion of the course, the students will be able to understand the following topics:

- Business Economics: meaning, characteristics, basic concept, and scope
- Demand Analysis: meaning, types, methods of measurement, calculation
- Supply analysis and production function
- Cost and revenue analysis

SEMESTER 2

Business Economics – II

After the completion of the course, the students will be able to understand the following topics:

- Break-even analysis
- Market structure
- Pricing and output decision under imperfect competition
- Factor pricing

SEMESTER 3

Macro Economics – III

After the completion of the course, the students will be able to understand the following topics:

- Money: definition and functions
- Quantity theory of money
- Inflation: meaning, causes, and measurement
- Credit control and international financial institutions

SEMESTER 4

Macro Economics – IV

After the completion of the course, the students will be able to understand the following topics:

Language through Literature - II

After the completion of the course, the students will be able to understand the following topics:

- Grammar: Question Tags, Voice
- Communication Skills: dialogue-writing, giving personal information
- Poems, short-story, and essays: appreciation

SEMESTER 3

Language through Literature - III

After the completion of the course, the students will be able to understand the following topics:

- Grammar: Parts of Speech
- Professional Communication: Interviews and Interviewing Skills
- Soft Skills: Adaptability, Stress Management, Problem Solving
- Poems, short-story, essays: appreciation

SEMESTER 4

Language through Literature - IV

After the completion of the course, the students will be able to understand the following topics:

- Grammar: Tenses
- Professional Communication: Group Discussion
- Writing Skill: Report-Writing: newspaper reports and official reports
- Poems, short-story, and essays: appreciation

SEMESTER 5

Language through Literature - V

After the completion of the course, the students will be able to understand the following topics:

- Grammar: Transformation of Sentences
- Communication Skills: Everyday English – Part 1
- Formal Letter-writing
- Poems, short-story, essays: appreciation

SEMESTER 6

Language through Literature - VI

After the completion of the course, the students will be able to understand the following topics:

- Grammar: Correction of Sentences
- Communication Skills: Curriculum Vitae
- Everyday English Part – 2
- Poems, short-story, essays: appreciation

9. CORE COMPULSORY COURSE IN GUJARATI

SEMESTER 1

Pratyayan Kaushal in Gujarati - I

After the completion of the course, the students will be able to understand the following topics:

- Literary language and Day to Day Communication
- Essay-writing and Precis-writing
- Expanding an idea
- Proverbs and idioms

SEMESTER 2

Pratyayan Kaushal in Gujarati - II

After the completion of the course, the students will be able to understand the following topics:

- Business Letters: introduction and structure
- Enquiry letters and quotations

- Complaints and their adjustment
